

Dear Colleagues and Friends,

As announced, the German-Spanish meeting on pathology planned for the next 16-18 September has been cancelled.

The reason for this decision, taken by both the Deutsche Gesellschaft für Pathologie and the Sociedad Española de Anatomía Patológica, as well as the respective IAP Divisions, is the low number of registrations for the meeting. By the end of July only four German pathologists had completed the registration.

We are very sorry about this unexpected outcome of the 'Treffen', for which numerous German pathologists had expressed several times their wish to maintain this old friendship and connection with their Spanish colleagues.

There may be several reasons for this situation, mainly the restraints due to the present economic climate.

Nevertheless, it is our hope and desire that the old links existing between our two societies will remain.

Those of you who have already registered your participation, please contact 'Halcon Viajes' <congresos.comv@halcon-viajes.es> in order to be reimbursed.

Thanks again for your interest in participating in this conference.

Best regards,

Prof. Aurelio Ariza. President SEAP.

Prof. Antonio Llombart. President Organizing Committee.
