ADVANCE NOTICE

14TH
INTERNATIONAL
JUNIOR
ACADEMY

August 8 – 10,
2024

In Budapest / Hungary

WELCOME NOTE

The German, British & Hungarian Divisions welcomes you to the 14th International Junior Academy Summer School to be held in Budapest / Hungary as an in-person event.

As always, this annual Summer School is aimed primarily at young pathologists worldwide as well as for specialists for a re-entry.

Selected topics are discussed in depth by experts and participants are encouraged to fully participate in all the sessions and to meet and have discussions with the experts.

Participants are also encouraged to bring and present interesting cases on any topics which will then be discussed by all the attendees at the school.

The Summer School, unlike other Schools of Pathology, also provides the unique opportunity for participants to meet with other young pathologists from many countries and to exchange ideas.

For detailed program please visit our homepage www.iap-bonn.de

“Over the three days we received inspirational talks and slide seminars from speakers of the very highest quality”.

“All the sessions were very interactive, providing frequent opportunities to ask questions and get involved with discussion about different cases”.

“The presentations were all of excellent quality and contained plenty of different histology images of relevant cases”.

“For me, it was quite a challenge to do my first presentation in front of an international audience, but I think it was a good experience. The fact that I was among fellow residents made it a little easier”.
