

„Feedback from participants of previous events“

- Please pass on my appreciation to the organisers and speakers of Saturday's symposium (pathologists for Ukraine). It was amazing to see the meeting being run from all over Europe, and to have so many speakers expert in their field of practice. The time zone over here in New Zealand was tough (finishing at 3am in the morning), but it was worth it! I'm not sure if there are plans to run similar events in the future, but it is something I would consider participating in again. Thanks again!
- Thank you very much for a great webinar for Ukrainian pathologists. All the reports were very excellent.
- Very nice meeting and a very important sign. Thank you!
- Thank you and all lecturers for such a productive event! It's a great support for Ukrainian doctors at such a time! Thanks a lot! Take care!
- Thank you very much for the great highly informative, very well organized symposium! Repetition would be great.
- I would like to thank you very much for the great day, with very interesting topics! I really hope that it could take place again! Maybe it could become an "every year international meeting"?
- Thank you that I could still participate at such short notice, everything worked out great and the event was super and practically relevant in terms of content.
- Many thanks to our European colleagues for the opportunity to participate in a wonderful scientific and practical forum. Your gift to Ukrainian pathologists at this difficult time for us is priceless. IAP Ukrainian Division President Iryna Sorokina
- Thank you very much for organization and conducting of such a brilliant event!!! Thank you very much for the opportunity to participate and obtain very important knowledge! The atmosphere of the event was very supportive and friendly and it is so important for all Ukrainians now. You gave us a day to forget for a moment about hard times in our country and just enjoy Pathology. All the reports were very interesting and practically useful. It was a lot of new information for us! All the activity was very well organized and the duration of the reports was optimal. It would be great if there were more events like this in the future! Thank you very much one more time from all the participants from Ukraine UA!
