

15th International Junior Academy – Summer School in Bordeaux / France July 3 - 5, 2025

The German, French & British Divisions welcomes you to the **15th International Junior Academy – Summer School** to be held in Bordeaux / France as an in-person event.

As always, this annual Summer School is aimed primarily at young pathologists worldwide as well as for specialists for a re-entry.

Selected topics are discussed in depth by experts and participants are encouraged to fully participate in all the sessions and to meet and have discussions with the experts.

Participants are also encouraged to bring and present interesting cases on any of these topics which will then be discussed by all the attendees at the school.

The Summer School, unlike other Schools of Pathology, also provides the unique opportunity for participants to meet with other young pathologists from many countries and to exchange ideas.

The IAP French Division is thrilled to host the 15th International Junior Academy, in the Unesco World Heritage-registered wine city of Bordeaux, France. Come to spend three amazing learning days among great speakers, and enjoy a festive social program organized by the “Froggies”!

Dr Magali LACROIX-TRIKI
President of the IAP French Division

Château Carbonnieux is one of the oldest and largest wine estates in the Bordeaux region. Its history extends over almost 8 centuries and its vineyard over a hundred hectares. Belonging to the Perrin Family since 4 generations, the whole vineyard is located around the castle at the top of a superb gravel hill. All the wines produced depend on the Pessac-Léognan AOP. The vines cultivated in a sustainable and eco-responsible agriculture are devoted to exclusively producing red and dry white wines, both of which are qualified as Grands Crus Classés de Graves.

SATURDAY, JULY 5, 2025
